

DEMOLITION WORK PERMIT

PJC Rep. Use Only	Temp. Suspension (Date/Initial)							Cancelled Max 7 days consecutive	Reviewed Actioned Ap Filing
	Re-issue Permit (Date/Initial)								

PERMIT CRITERIA

This Permit is to be completed for any work that is to be carried out in areas designated or Sign Posted as Demolition Work areas.

Demolition work is;

Any work that is connected with the demolition of a structure is classified as 'construction work' under the WHS Regulations. When carrying out demolition work, the requirements relating to construction work must be complied with.

Demolition work means to demolish or dismantle a structure or part of a structure that is load-bearing or otherwise related to the physical integrity of the structure, but does not include:

- the dismantling of formwork, false work, scaffolding or other structures designed or used to provide support, access or containment during construction work, or
- the removal of power, light or telecommunication poles.

A structure is anything that is constructed, whether fixed or moveable, temporary or permanent, and includes buildings, sheds, towers, chimney stacks, silos, storage tanks.

The demolition of an element of a structure that is load-bearing or otherwise related to the physical integrity of the structure is 'high risk construction work'. A Safe Work Method Statement (SWMS) must be prepared before the high risk construction work starts.

Demolition work that is notifiable under the WHS Regulations involves:

- demolition of a structure, or a part of a structure that is load-bearing or otherwise related to the physical integrity of the structure, that is at least 6 metres in height
- demolition work involving load shifting machinery on a suspended floor, and
- demolition work involving explosives.

Persons who carry out work under this Permit must be trained and assessed as competent to do the work assigned. Refer PJC STD 4.03
